

BUILDING & CIVIL ENGINEERING

VOKKERO®, THE BRAND OF
WIRELESS COMMUNICATION
SYSTEMS FOR **BUILDING
& CIVIL ENGINEERING**
PROFESSIONALS

**Hands-free system,
instant communication**

**Patented noise filter, suppres-
sion of background noise**

**Continuous conference
for up to 16 users**

**Multichannel, several
systems on the same site**

**Digital encryption,
secure exchanges**

Intuitive to use

Increases your productivity

**Headset & smartphone
connection, call handling**

**No communication
costs**

**COMMUNICATION SYSTEM FOR
PROFESSIONALS IN THE BUILDINGS
AND CIVIL ENGINEERING
WORKS INDUSTRY, WORKING IN
DEMANDING ENVIRONMENTS.**

The VOKKERO® GUARDIAN system enables instant communication up to a range of 1 km. This system does not require any kind of fixed base or access terminal and is therefore particularly suited for use on mobile construction sites. The hands-free function enables workers to be fully focused on their task (handling loads, operating a crane, demolition works, roofing, etc.) while remaining in permanent contact with the rest of their team.

The constraints specific to jobs in the building and civil engineering works industry (outdoor work, handling heavy loads, repetitive movements, potentially hazardous situations) mean that safety is of paramount importance. Clear and intelligible communication significantly reduces risks associated with misunderstandings.

A lightweight, robust and compact system enables users to always be in communication with one another.

The Vokkero® system thus inevitably contributes to the prevention of risks in the building and civil engineering works industry.

**CONSTRUCTION, SUPERVISION,
CRANE OPERATORS, BUILDINGS,
MANOEUVRING, HEIGHT, DISTANCE**

RADIO COMMUNICATION SYSTEM FOR WORK GROUPS PROFESSIONAL AND SECURE.

- PRange >** Up to 1 km
- Battery life >** Up to 12 hours (Rechargeable Li-Polymer battery)
- Frequencies >** Royalty-free according to radio regulations in Europe (ETSI) and US, Canada (FCC)
- Weight >** 250g (including battery)
- Dimensions >** 70 x 110 x 28mm
- Operating temperature >** -10/+50°C (14/122°F)
- Call function >** Alerts the user by vibrating or emitting an audible signal
- Recharging >** 4 hours max. charging time
- Variant >** VOKKERO® GUARDIAN ATEX
