

VOKKERO®, THE BRAND OF WIRELESS COMMUNICATION SYSTEMS FOR **NOISY INDUSTRY**

**Hands-free, instant
communication system**

**Patented noise filter, suppression
of background noise**

**Continuous conference,
unlimited users**

**Multichannel, several
systems on one site**

**Digital encryption,
secure exchanges**

Intuitive to use

**Increases your
productivity**

**Headset & smartphone
connection, call handling**

**No communication
costs**

NOISY INDUSTRY

COMMUNICATION SYSTEM FOR PROFESSIONALS IN A NOISY ENVIRONMENT.

The Vokkero® Guardian wireless communication system can be used in any type of industry operating in noisy environments: cardboard, stationery, metallurgy, chemicals, petrochemicals, etc.

In this context, communication between team members becomes a critical issue. Transmitting, understanding and applying the right information, to avoid any risk of error, is crucial.

Vokkero® Guardian, thanks to its patented noise filter, makes it possible to differentiate human voices from the surrounding noises. As it transmits only these human voices, communication is reliable. Excellent understanding is therefore ensured.

Lightweight and wireless, it allows for hands-free use and ensures total freedom of movement.

Since hearing protection for people in these types of sound environments is also an issue, Vokkero® Guardian comes with a helmet compatible with PPE requirements, for added safety. The VOKKERO system contributes to risk prevention in a noisy environment.

**INDUSTRY, NOISE, COMMUNICATION,
PROTECTION, HEALTH, ASSEMBLY LINE**

RADIO COMMUNICATION SYSTEM FOR WORK GROUPS PROFESSIONAL AND SECURE.

| | |
|-----------------------------------|---|
| Range > | Up to 1 km |
| Battery life > | Up to 12 hours (Rechargeable Li-Polymer battery) |
| Frequencies > | Royalty-free according to radio regulations in Europe (ETSI) and US, Canada (FCC) |
| Weight > | 250g (including battery) |
| Dimensions > | 70 x 110 x 28mm |
| Operating temperature > | -10/+50°C (14/122°F) |
| Alarm function > | Alerts the user by vibrating or emitting an audible signal |
| Recharging > | 4 hours max. charging time |
| Variant > | VOKKERO® GUARDIAN ATEX (with HD audio quality and AES 128) |
